

PARADIGM SHIFT^{SOHO20}

SOHO20 is pleased to present its second virtual exhibition in the gallery's impressive forty-eight-year history. Showcasing a remarkably diverse collection of works by twenty artists, *Paradigm Shift* explores new ways of understanding, challenging, and embracing change. Spanning the experiential to the conversational, the pieces in this exhibition reveal the rich and poetic territory that exists when one is presented with an anomaly that forces a shift in perspective.
